## ANNUAL RECYCLING AWARDS

**THANKS TO THE OUTSTANDING RECYCLING EFFORTS OF OUR STUDENTS AND STAFF,** MCPS recycled more than 4,600 tons of paper and commingled materials during the 2016–2017 school year. Throughout the year, SERT tracked the recycled weight of every school and calculated the average pounds per person (PPP) recycling rates for schools on each level. Last school year, elementary schools recycled at an average of 4.92 PPP; middle schools averaged 4.0 PPP; and the average high school recycled 2.42 PPP. To calculate pounds per person, we use this formula: total weight of recycled paper + total weight of commingled items ÷ total number of students + staff = PPP.

We applaud our students and staff for their commitment to conservation and sustainability, and congratulate the following 32 elementary schools for earning the SERT Annual Recycling Award for recycling remarkably well:

Arcola Elementary School  
Belmont Elementary School  
Brooke Grove Elementary School  
Cannon Road Elementary School  
Clopper Mill Elementary School  
Cresthaven Elementary School  
Flower Valley Elementary School

Galway Elementary School  
Germantown Elementary School  
Glen Haven Elementary School  
Highland Elementary School  
Highland View Elementary School  
Jones Lane Elementary School  
Kemp Mill Elementary School  
Kensington Parkwood Elementary School  
Little Bennett Elementary School  
Lois P. Rockwell Elementary School  
Meadow Hall Elementary School  
Monocacy Elementary School  
New Hampshire Estates Elementary School  
North Chevy Chase Elementary School  
Oak View Elementary School  
Pine Crest Elementary School  
Roscoe Nix Elementary School  
Sargent Shriver Elementary School  
Sequoyah Elementary School  
Stedwick Elementary School  
Travilah Elementary School  
Washington Grove Elementary School
