

Energy Matters...
Think Globally...Act Locally

REMINDER TO ALL ICB USERS

Please remember to do your part to help Montgomery County Public Schools conserve energy. Here are some tips for saving energy.

1. Turn off all lights after use (if natural lighting is adequate, use instead of electrical lighting)
2. Turn off all computer monitors, printers, office equipment after use
3. Keep doors closed in air conditioned/heated rooms to avoid leaks into areas not requiring heating or cooling
4. Maintain thermostats at the required temperature settings: 76° F (cooling) / 70° F (heating)
5. Immediately advise building service employees of any system equipment problems in your usage areas
6. Use task lighting with CFLs (compact fluorescent lights) when appropriate

Its Your World ...Choose to Conserve
