Halloween Safety Tips

1.   Try to Trick-or Treat when it is still light or carry a flashlight to light up sidewalks, steps and paths. A chemical glow stick may also be used.

2.   Wear a light colored costume or one with reflective tape so that it is easier for you to be seen.

3.   Make sure your costume does not drag on the ground, you could trip and hurt yourself.

4.   Trick or Treat with an adult. If someone older cannot go with you, go with a group.

5.   Cross only at corners. Never cross between parked vehicles or mid block.

6.   Stay on the sidewalks. If there is no sidewalk walk single file on the left side of the road (facing traffic).

7.   Tell your family on which streets you will be Trick or Treating.

8.   Always use the front door, NEVER go to the back door or into the house.

9.   Visit the houses that have lights on, especially houses with Halloween decorations.

10. Bring all of your candy home to be inspected Before eating anything.

Always be polite, and don't forget to say "Thank You".
